This section provides a sufficiently detailed discussion of the proposed research to enable an in-depth review of the scientific, technical and managerial aspects of the effort. Specific attention must be given to addressing both qualitative and quantitative risk and payoff of the proposed research that make it worthwhile to SPAWARSYSCEN-SAN DIEGO; other DoD research agencies; and DoD and commercial users.

- A. (1 Page) Innovative claims. These paragraphs are the centerpiece of the proposal and should succinctly describe the unique proposed contribution.
- B. (20 Pages) Technical approach. This sub-paragraph shall contain a detailed description of the technical approach to fulfilling the innovative claims made in sub-paragraph A. This sub-section shall also include a schedule with proposed milestones; a plan for technology transfer; comparisons with other ongoing research; and facilities and equipment that will be used in the performance of this approach.
- C. (3 Pages) Proposed products and deliverables resulting from the research. Include in this section all proprietary claims to results, prototypes, or systems

supporting and/or necessary for the use of the research, results, and/or prototype. If there are no proprietary claims, this should be stated. The offeror must submit a separate list of all technical data or computer software or hardware that will be furnished to the Government with other than unlimited rights (see the instructions for completing DFARS 252.227-7017 “Identification and Assertion of Use, Release, or Disclosure Restrictions” under Volume 2, Section 1 herein).

- E. (3 Pages) List of key personnel, concise summary of their qualifications, and discussion of proposer's previous accomplishments and work in this or closely related research areas. Indicate the level of effort to be expended by each key person during each contract year and other (current and proposed) major sources of support for them and/or commitments of their efforts.

Volume 1. Section III. Additional Information

This section may contain relevant technical papers and research notes (published and unpublished) that document the technical ideas upon which the proposal is based. Copies of not more than three relevant papers may be included in the proposal. Please note that the materials listed in and submitted with the proposal in this section will be considered at the reviewer's convenience only and will not be considered as part of the proposal for evaluation purposes. This sub-section may contain web-site addresses or hyperlinks.

Volume 2. Section I. Representations and Certifications.

(1) Prior to the award of any contract under this BAA, SPAWARSYSCEN-SAN DIEGO is required to obtain representations, certifications, and other statements of offerors regarding the nature of their business/proposal and compliance with various federal regulations and executive orders. These completed representations, known collectively as “Section K”, will be incorporated by reference into any resultant contract. To that end, offerors must download, complete and return the following “Section K” template.

(2) Any contract resulting from this BAA will contain the clauses at DFARS [252.227-7013](#) “Rights in Technical Data-Noncommercial Items” and [252.227-7014](#) “Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation.” In accordance with the terms of these clauses, any technical data and computer software to be furnished with restrictions shall be identified in the table found in “Section K” provision K-18, DFARS 252.227-7017 “Identification and Assertion of Use, Release, or Disclosure Restrictions.”

There are five general asserted rights categories identified in section (b) of these clauses under which data or computer software may be furnished. These consist of unlimited rights, government purpose rights, limited rights, specifically negotiated license rights, and prior government rights. Unlimited rights, government purpose rights and limited rights are clearly identified in the clauses. If the assertion category will be specifically negotiated license rights, please prepare a desired license for SPAWARSCEN-SAN DIEGO to review with your submission. In accordance with DFARS 227.7103-5 (d) (1), this license must stipulate what rights the Government has to release or disclose the data to other persons or to authorize others to use the data. Copyright licensing shall also be addressed in this category, in accordance with DFARS 227.7103-9 (a) (1).

Additionally, if your company intends to make assertions that will provide the Government with other than unlimited rights, please include a copy of the actual data on which the assertions are made. Furnishing this specific data allows for proper examination and evaluation of your proposal. Restrictions and/or special licenses associated with this data/software can have a significant impact on the total life-cycle cost of a procurement, and as such will be included in the evaluation of your proposal. Such data furnished shall be marked with the appropriate restrictive legends as contained in the clauses. If the assertion category is prior government rights, please furnish all relevant information from the prior contractual vehicle under which these rights were furnished (i.e., contract number, date of contract and expiration of such rights, etc.).

In accordance with section (k) of these clauses, this table is to be completed by all subcontractors performing under this contract. Please have all proposed subcontractors complete and submit the table found at "Section K" provision K-18.

I. DISCLOSURE STATEMENT--COST ACCOUNTING PRACTICES AND CERTIFICATION

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR Chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of Part I of this provision.

CAUTION: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by virtue of such disclosure, be deemed to be a proper, approved, or agreed-to practice for pricing proposals or accumulating and reporting contract performance cost data.

(c) Check the appropriate box below:

(1) *Certificate of Concurrent Submission of Disclosure Statement.*

The offeror hereby certifies that, as a part of the offer, copies of the Disclosure Statement have been submitted as follows: (i) original and one copy to the cognizant Administrative Contracting Officer (ACO) or cognizant Federal agency official authorized to act in that capacity (Federal official), as applicable, and (ii) one copy to the cognizant Federal auditor.

(2) *Certificate of Previously Submitted Disclosure Statement.*

The offeror hereby certifies that the required Disclosure Statement was filed as follows:

Date of Disclosure Statement: _____

Name and Address of Cognizant ACO or Federal Official Where Filed: _____

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost accounting practices disclosed in the applicable Disclosure Statement.

(3) *Certificate of Monetary Exemption.*

The offeror hereby certifies that the offeror, together with all divisions, subsidiaries, and affiliates under common control, did not receive net awards of negotiated prime contracts and subcontracts subject to CAS totaling more than \$25 million (of which at least one award exceeded \$1 million) in the cost accounting period immediately preceding the period in which this proposal was submitted. The offeror further certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

(4) *Certificate of Interim Exemption.*

The offeror hereby claims an exemption from the Cost Accounting Standards clause under the provisions of 48 CFR 9903.201-2(b) and certifies that the offeror is eligible for use of the Disclosure and Consistency of Cost Accounting Practices clause because during the cost accounting period immediately preceding the period in which this proposal was submitted, the offeror received less than \$25 million in awards of CAS-covered prime contracts and subcontracts, or the offeror did not receive a single CAS-covered award exceeding \$1 million. K-24 ASBESTOS CERTIFICATION

The offeror/bidder certifies that this offer/bid [] does, [] does not provide materials containing hazardous asbestos. For the purpose of this certification, asbestos is defined to include any of the following six fibrous mineral silicates of commercial importance: chrysolite, amosite, crocidolite, termolite, anthophyllite, and actionlite. The term "Materials Containing Hazardous" is defined as including all materials that either are known or can logically be expected to require the use of asbestos in such a fashion as to expose Navy or Contractor personnel to the risk of direct exposure to asbestos in a form that can be inhaled. For example, any contract or order requiring purchase or use of asbestos insulation is within this definition. A contract or order of a complex item such as a large valve is not within this definition even though the valve may contain a gasket stamped out of asbestos; however, a contract or order for the asbestos gasket itself is within the definition, since handling of the gasket in the course of putting it to use may release asbestos fiber into the air.

Asbestos which is immersed or fixed in a natural or artificial binder material (such as cement, plastic, asphalt, resins, or mineral ore) is not within this definition.

If the contract requires that specific items must perform as a system in accordance with the foregoing certification, then that certification shall apply to those items as a system. Nothing in this certification shall be construed to limit any rights or remedies the Government may otherwise have under this contract.
